

PP IGBT Assembly Information Sheet

Thank you for your interest in Powerex. To further assist you with product selection, please provide the following information. When completed, save the file and email it to: Jeff Osikowicz, Design Manager, IPP, Mechanical Modeling at josikowicz@pwrx.com or 724-925-4488.

Date: / /

Type:

- PP (Air Cooled) Fan Required: Yes No
 PPL (Liquid Cooled) Liquid Cooling: Water Glycol

Power:

- Input: VAC Current: Amps Single Phase or Three Phase
Output: VAC Current: Amps Single Phase or Three Phase

Ambient Temperature:

°C

Switching Frequency:

kHz

- Circuit Configuration:** Three Phase Half-Bridge H-Bridge Three Phase + Brake
 Other (Please Describe):

- Options:** Blower / Fan Diode or SCR Converter Dual Converter
 Application Specific (Please Describe):

- Assembly:** Prototype Production – Estimated Annual Volume:

Please provide the following contact information so that we may discuss the above provided information.
